Date of submission of FA request: 14/04/2024

Date of FA reply: No response received

Brief facts of the case:

1. The Applicant had filed a RTI Application seeking information on the following grounds:

Please provide the following information under section 2(f) and 2(j) of the RTI act:

- 1) The status of My Christian Marriage Registrar or Licensed Minister License under Section 7 or 6 and 9 as I am an Ordain Person or Christian Priest.
- 2) The rules and procedures to get Purohit Bhata under Govt. of West Bengal for the Christian Priests of Nadia District.
- 3) The status of My OBC Certificate.
- 4) The rules and process to get the Non Creamy Layer Certificate for these Christian Barui and Deuri or Deori Surname.

2. However, there was an unsatisfactory response from the concerned PIO to the RTI Application.

3. The applicant then proceeded to file a First Appeal against the unsatisfactory response of the PIO.

4. However, there was no response from the concerned First Appellate Authority to the first appeal filed by the applicant.

5. Hence a Second Appeal is being filed against the unsatisfactory response of the PIO and the no response of the FAA.

Grounds for Prayer or Relief:

1. As there is an unsatisfactory reply from the PIO and no reply by the First Appellate Authority within 30 days from the date of the First Appeal, a second appeal is being filed under section 19(3) of the Right to Information Act within the mandatory time period of 90 days. The copy of the RTI application and first appeal have been annexed herewith as Annexure 1 and Annexure 2.

2. The failure of the PIO as well as the FAA to respond to the application within the specific time frames as provided under the Act is a violation of Section 5(3), 5(4) and 5(5) which mandates that the PIO is to make all efforts to ensure that the requested information is properly furnished to the applicant.

3. The PIO has replied for point number 1 and 2 as Not related to this Office. For point Number 3- Status of the OBC certificate can't be stated as you have not mentioned any Certificate number in your RTI application.

4. The denial of information by the PIO is in violation of the provisions of the RTI Act, tantamounting to deemed refusal in terms of Section 7(1) of the RTI Act which makes the PIO liable for penal action under Section 20(1) of the RTI Act. The PIO has clearly failed to discharge its duties and obligations in the letter and spirit of the Act.

5. Under the RTI Act, 2005, a PIO is obliged to provide access to information to a citizen unless as stipulated by Section 7(1), furnishing of such information is covered by one of the exemptions provided under Section 8 or Section 9 of the RTI Act. The PIO has failed to discharge its duties and obligations by refusing to provide the information and failing to state the reasons for doing so under the law.

6. The PIO has just replied that the Information is not available in this office. Merely replying that the information is not available will not absolve the PIO of its responsibility to ensure that the desired information forming part of public records ought to be provided to the applicant. If the PIO is not the concerned authority to reply to the RTI application, he/ she should have transferred the same to the appropriate PIO/ Public Authority within 5 days as prescribed under Section 6(3) of the RTI Act. By not doing so, the PIO has failed to discharge his/ her duties and obligations under the law.

7. As per section section 6(3) of the RTI act, the PIO should have transferred the RTI application to Where an application is made to a public authority requesting

for an information,—

(i) which is held by another public authority; or

(ii) the subject matter of which is more closely connected with the functions of another public authority, the public authority, to which such application is made, shall transfer the application or such part of it as may be appropriate to that other public authority and inform the applicant immediately about such transfer: Provided that the transfer of an application pursuant to this subsection shall be made as soon as practicable but in no case later than five days from the date of receipt of the application.

8. Once the applicant makes an application, it is the duty of the concerned authority to make all efforts to facilitate the provision of information requested which includes transferring the application u/s 6(3) to the concerned department. The act of the PIO to respond that the information is not available with the department highlights the casual approach being adopted while dealing with the application.

9. The information sought by the applicant in the RTI Application is very much a part of the information maintained by the concerned public authority falling under the definition of section 2(f) of the RTI Act and the PIO and FAA have no reasons whatsoever, of refusing to provide the information. In fact, their failure to even reply to the application highlights the fact that the application has been dealt with in a negligent and apathetic manner.

10. The PIO has failed to discharge its duties and obligations and has adopted an arbitrary and lackadaisical approach towards dealing with the concerned RTI application. The PIO has also further failed to inform the applicant as to why this information has not been disclosed to the applicant and its reasons thereof. Section 4(1) (d) of the RTI Act clearly lays down that every public authority shall have to disclose the reasons for its decisions to the affected persons.

11. In the present case, there has been no reply from the FAA. It is the duty and obligation of the Appellate Authority, being a higher authority in the hierarchy, to make all possible efforts and take all appropriate steps to ensure that the application is addressed in a proper manner. However, when the FAA has not even bothered to send a reply and pass an appropriate order to the First Appeal, it highlights the fact that the application/appeal has been addressed in a casual and callous manner. There has been utmost disregard of the RTI Act and dereliction of duty on part of the concerned FAA. Not replying to the first appeal means that the

FAA has no regard for the applicant and the process which results in extension of the agony of the appellant of having to wait indefinitely to have access to the information desired under the RTI Application.

12. However, there has been no response thereafter. It is evident from the conduct of the public authority that it has failed to perform its duties and obligations under the RTI Act and failed to provide a response to the RTI Application. The PIO as well as the FAA have failed to provide a reply to the applicant amounting to a no response from the authorities.

13. Various orders have been passed by the Hon'ble Central Information Commission to the effect that a no response from the PIO and the FAA calls for strict action against the concerned officer along with directions to be issued for the disclosure of the information sought at the earliest.

14. As the application of the applicant/appellant has not been handled properly and even the first appeal has not been disposed off accordingly, the concerned PIO is liable to face penal action. The applicant has suffered detriment, mental agony and harassment for not receiving timely and complete information and deserves to be compensated u/s 19(8)(b) of the RTI Act.

15. As per the judgment titled, MINISTRY OF RAILWAYS vs. GIRISH MITTAL, W.P. (C) 6088/2014 & CM Nos.14799/2014, 14800/2014 & 14801/2014, the following has been laid down:

"Plainly, Section 18 of the Act enjoins the CIC to inter alia inquire into a complaint from any person who has been refused access to any information requested under the Act. In view of the unambiguous language of the provisions of the Act, the contention that CIC lacks the jurisdiction to impose a penalty on a complaint is ex facie without merit. The plain language of Section 20(1) of the Act indicates that it is not necessary that the penalty be imposed by the CIC only while considering an appeal; penalty can also be imposed by the CIC if on inquiry made pursuant to a complaint, it is found that a CPIO has not furnished the information in time or has knowingly given incorrect or incomplete information. Therefore, in my view, the jurisdiction exercised by CIC cannot be faulted."

Prayers or Relief Sought:

I appeal to you to kindly direct the concerned PIO to provide the correct and relevant information to the undersigned at the earliest, that is complete in all respects. I also humbly appeal to the Hon'ble Commission to levy penal/punitive action against the concerned officer for failing to provide a timely response and compensating the undersigned/appellant for the detriment caused for the reasons mentioned in the appeal above. The Hon'ble Commission may also pass any other or further orders in the interest of justice.

Verification:

I, Somnath Barori hereby state that the information and particulars given above are true to the best of my knowledge and belief. I also declare that this matter is not previously filed with this commission nor is pending with any Court or tribunal or authority

Yours sincerely

Somnath Barori

1) The status of My Christian Marriage Registrar or Licensed Minister License under Section 7 or 6 and 9 as I am an Ordain Person or Christian Priest.

2) The rules and procedures to get Purohit Bhata under Govt. of West Bengal for the Christian Priests of Nadia District.

3) The status of My OBC Certificate.

For point Number 3- Status of the OBC certificate can't be stated as you have not mentioned any Certificate number in your RTI application.

7. Brief facts of the case:

The status of My Christian Marriage Registrar or Licensed Minister License under Section 7 or 6 and 9 as I am an Ordain Person or Christian Priest.

The copy of the RTI application has been attached herewith as Annexure 1.

8. Reasons/grounds for this appeal:

1. As the response from the PIO regarding the information as requested in the RTI application is unsatisfactory and amounts to denial of information, an appeal is preferred against the order of the concerned Public Information Officer under the section 19(1) of the Right to Information Act, 2005.

2. It is clear from the response of the PIO that it is indeed the relevant and concerned public authority which is best equipped to deal and answer the queries of the RTI Applicant.

3. The PIO has replied for point number 1 and 2 as Not related to this Office.

For point Number 3- Status of the OBC certificate can't be stated as you have not mentioned any Certificate number in your RTI application.

4. Under the RTI Act, 2005, a PIO is obliged to provide access to information to a

citizen unless as stipulated by Section 7(1), furnishing of such information is covered by one of the exemptions provided under Section 8 or Section 9 of the RTI Act. The PIO has failed to discharge its duties and obligations by refusing to provide the information and failing to state the reasons for doing so under the law.

5. The PIO has just replied that the Information is not available in this office. Merely replying that the information is not available will not absolve the PIO of its responsibility to ensure that the desired information forming part of public records ought to be provided to the applicant. If the PIO is not the concerned authority to reply to the RTI application, he/ she should have transferred the same to the appropriate PIO/ Public Authority within 5 days as prescribed under Section 6(3) of the RTI Act. By not doing so, the PIO has failed to discharge his/ her duties and obligations under the law.

6. As per section section 6(3) of the RTI act, the PIO should have transferred the RTI application to Where an application is made to a public authority requesting for an information,—

(i) which is held by another public authority; or

(ii) the subject matter of which is more closely connected with the functions of another public authority, the public authority, to which such application is made, shall transfer the application or such part of it as may be appropriate to that other public authority and inform the applicant immediately about such transfer:

Provided that the transfer of an application pursuant to this subsection shall be made as soon as practicable but in no case later than five days from the date of receipt of the application.

7. Once the applicant makes an application, it is the duty of the concerned authority to make all efforts to facilitate the provision of information requested which includes transferring the application u/s 6(3) to the concerned department. The act of the PIO to respond that the information is not available with the department highlights the casual approach being adopted while dealing with the application.

8. The meaning of information under Section 2(f) of RTI Act clearly states that it includes any material in any form, including records, documents, memos, e-mails, opinions, advices, press releases, circulars, orders, logbooks, contracts, reports, papers, samples, models, data material held in any electronic form. The information requested for by the applicant clearly falls under the category of

Section 2(f) of RTI Act. Thus according to the meaning provided under the RTI Act, it is obligatory upon the PIO to disclose the entire set of information requested for by the applicant.

9. The PIO has failed to discharge its duties and obligations and has adopted an arbitrary and lackadaisical approach towards dealing with the concerned RTI application. The PIO has also further failed to inform the applicant as to why this information has not been disclosed to the applicant and its reasons thereof. Section 4(1) (d) of the RTI Act clearly lays down that every public authority shall have to disclose the reasons for its decisions to the affected persons.

This First Appeal is attached with a condonation of delay in filing the First Appeal within the stipulated time period of 30 days under section 19(1) of the RTI act.

9 Any other information in support of appeal:
